Vision of the TRUST

Having been in the field of education for more than four decades serving at different places in the state of West Bengal in scientific stream, it first came as a flash in mind that Pharmaceutical Industry is gaining ground in this country since last two decades. Instantly it was conceived that for this purpose scientific technical education in Pharmacy is absolutely necessary for enriching this Industry.

The State of West Bengal at that time had only one Pharmaceutical Technical Department at Jadavpur University. An endeavor was, therefore, made to set up a non-Govt. (Private) Pharmaceutical Technical Institution at Asansol where the college can cater requirement of a large number of anxious students opting for this stream of Tech. Education in degree course. Thus a vision arose in our mind and subsequently it grew into a gigantic proportion to give a concrete shape of the vision. It became imminent at that time to obey the urge of the working of mind. After all, vision is an imagination of mind of the nucleus stage gradually culminating into a final practical application.

Mission of the TRUST

Then came the question what would be our mission for the above vision of creating such an Institution. The stream of Pharmaceutical Technical Education has a very wide and multiple ramifications in our country. This ancient India is rich in flora, abundant with many thousands of medicinal plants, herbs, trees etc. which the ancient protagonist of Ayurveda system of medicines like Charak and Susruta practiced. If this had happened thousands of years ago then why not they could be utilized in the present age with better and more scientific knowledge, acumen, research and application for preparing medicines, life saving drugs etc. for the healthcare and betterment of mankind at affordable prices.

The mission therefore:

- to establish this institute as a full fledged, well equipped, nationally and internationally renowned Pharmaceutical Technology School
- to upgrade the institute by introducing PG Course in different branches of Pharmacy.
- To develop it as a modern research center with adequate and more sophisticated facilities for the said purpose.
